Matthew
25:35-40

“For I was hungry and you gave me food, I was thirsty and you gave me something to drink, I was a stranger and you welcomed me, I was naked and you gave me clothing, I was sick and you took care of me...truly I tell you, just as you did it to one of the least of these who are members of my family, you did it to me.”

- Kitchen volunteers to support the Memory Preservation Nutrition program which involves more fresh food preparation. This requires a once a week commitment from approximately 10 am-1 pm.
- Front desk volunteers to assist participants and caregivers as they arrive and depart; answering and directing calls. This requires a once a week commitment.

Families pay only half the actual cost per day because Amazing Place strives to keep its daily rates reasonable for the families who are in an already trying time. Approximately 19% of the families receive some form of scholarship.

BETHESDA CLINIC IN XOCENPICH, MEXICO

St. Philip has enjoyed a fraternal partnership in mission with Dr. Jose Estrella and the Bethesda Clinic since 2001. Pictured are Dr. Jose Estrella and his son, Dr. Federico Estrella.

When a member of St. Philip was a student in Mexico, she met Presbyterian missionaries, the Rossers, through whom she met Jose Estrella. Jose was a boy from a very poor Maya family, whose bright mind was recognized by Presbyterian missionaries, who supported him through tuition from middle school, university & medical school in the capital. As soon as he received his M.D., he returned to his village of Xocempich, where he has practiced medicine 24/7, living in a house behind the Clinic ever since. Now in his mid-80's and in a wheelchair with only one leg, he still sees some patients. Anytime, day or night, people from different communities come to the clinic and are provided medical help and medicine.

The Bethesda Clinic is included in St. Philip's annual mission budget. St. Philip members have gone on several mission trips to Xocempich.

St. Philip contributes to a scholarship fund for students to go to the school for nurses aides located at the Clinic.

www.cancare.org

Mission Statement

Our mission is to improve the quality of life for cancer patients and their families.

Ever since CanCare was created in 1990, St Philip has been an active participant in its mission of hope for cancer survivors and their caregivers. From the first volunteer training class to the most recent class, St. Philip members have logged many hours listening to those going through their shared experience with cancer or the care of a loved one. St. Philip members have participated in the annual marathon run, representing Can Care, as well as been leaders on CanCare's Board of Representatives from its earliest years. Can Care and its volunteers see survivors as people first, then as patients.

BECOME A VOLUNTEER

To become a CanCare volunteer, you must be a cancer survivor who has been finished with treatments for at least six months, or the caregiver of a cancer survivor. Cancer patients are matched with a volunteer who has survived the same or similar type cancer to receive one-on-one positive encouragement and hope from someone who understands first hand what they are going through. Opportunities are also available for volunteers to make hospital visits to cancer patients and their families in one of the member hospitals in the Houston area. Help is needed with CanCare charity events ranging from office work to onsite facilitation.

CanCare would also appreciate referrals from congregants who know of someone who would benefit from its free and confidential services.

Mission Statement

Good Neighbor Healthcare Center promotes the well-being of our community by providing a full range of affordable quality primary and preventative health care in an environment that fosters dignity and respect.

For over 40 years the St. Philip community has supported Good Neighbor Healthcare Center. Since that time the clinic has grown but their mission has remained the same. Good Neighbor serves low income and the medically underserved communities and their fees are based on the patient's ability to pay. They are staffed by highly competent healthcare professional teams who provide quality healthcare and dental care to all people regardless of insurance status or income level. Forty percent of their funds come from the government or patient fees. In order to continue to provide quality healthcare, Good Neighbor depends on the generosity of the Houston community. A St. Philip member serves on its board.

Volunteers are welcome to help with their Annual Christmas Party for the clinic's pediatric patients. Over 1,000 kids come to the party each year. Clerical support is also needed. **Volunteers** have helped one of the nurse educators organize patient educational materials for expectant mothers.

A HISTORY OF PARTNERSHIP

IMA World Health and the Presbyterian Church have a long history of partnership to advance health to vulnerable and marginalized people all over the world.

In 1960, the United Presbyterian Church, now PC(USA), teamed up with five other Protestant mission boards to form “Interchurch Medical Assistance,” now IMA World Health. IMA’s role was to manage the procurement and distribution of medicines and medical supplies for mission hospitals, uniting this effort under one roof. PC(USA) currently supports IMA’s work to fight onchocerciasis (also known as River Blindness) in the Democratic Republic of Congo.

A \$25 donation provides an entire **Safe Motherhood Kit™** to an expectant mother, from the materials and packaging to shipping, delivery and training.

IMA is especially proud that it is able to pass along 98% of its funding to its programs, with only 2% supporting overhead and administrative costs.

A member of St. Philip served as Vice President of Pharmaceutical Services for IMA World Health for over 15 years.

One of St. Philip’s communion offerings goes to IMA World Health.

- Residential care in group homes supervised by resident parents
- Child and family services, including counseling for troubled family relationships
- Foster care

These services are provided through trained staff and **volunteers** whose standards meet the high expectations of PCHAS. Through these programs, the agency is able to provide services to more than 4,500 children each year.

PCHAS is a recognized charity in the annual Houston Marathon. In addition to our annual financial contribution to this agency, St. Philip made a contribution to the construction of a residential single-parent family home on the campus of St. John's Presbyterian Church in Houston.

PRESBYTERIAN PAN AMERICAN SCHOOL

Mission Statement

Presbyterian Pan American School is a Christian college preparatory school that educates and empowers young adults for leadership in the global community. Our mission is to prepare these young adults for leadership.

Presbyterian Pan American School (PPAS) located south of Kingsville, TX, on land donated by the King Ranch family, has distinguished itself over the past century for its commitment to preparing international students along with racial and ethnic minorities for a university-level education. All classroom instruction is in English. The book, *Planting Trees, A History of Pan American School*, by the Rev. Dr. James S. Currie, is in the St. Philip library.

The four-year, fully accredited high school serves about 165 students from Mexico, Central America, Asia, Africa, and the United States. A program of excellent academics, spiritual development in the Reformed Presbyterian tradition, leadership training, volunteer service, athletics and a work program of six hours per week per student fill the days. Because 88% of students receive financial aid, there is a critical need for scholarship money. Tuition, room and board, and test fees have been \$15,000 for boarding students and \$8,500 for day students.

St. Philip members have served on its board and as President of its board. PPAS is part of St. Philip's Mission Budget.

SPECIAL OFFERINGS

PEACE & GLOBAL WITNESS OFFERING: BLESSED ARE THE PEACEMAKERS

What you've known as the Peacemaking Offering has been transformed into the Peace & Global Witness Offering. This new Offering will have a greater global reach, more significant impact, and bring peace to people through Christ.

A gift to the Peace & Global Witness Offering enables the church to promote the Peace of Christ by addressing systems of injustice across the world. Individual congregations are encouraged to utilize up to 25% of this Offering to sustain their local peacemaking ministries.

This offering is received on World Communion Sunday, the first Sunday in October.

**Banner
Created by
Hope Wilmarth**

This banner was created to represent St. Philip’s mission partners, but initially in response to a request made by the Kids Against Hunger leadership at St. Philip.

St. Philip’s wall of stained glass windows is the artist’s inspiration. The glass reflects the warmth and beauty of the people who worship here.

The design of the glass moves with energy as do the people who embrace the community within its walls and extends its fellowship abroad.

A rendition of The Shout of Joy® image, created in jewelry of former minister, Sam Lanham, is the inspiration for the “people” image on the banner: those who serve in mission at St. Philip Presbyterian Church, as well as those who are served.
